HENRY E. YOUTSEY'S
APPLICATION FOR FREEDOM

Story Retold of Murder of Gov. Goebel
of Kentucky 16 Years Ago.

Frankfort, Ky., April 12.—Henry E. Youtsey's application for freedom came after sixteen years spent in jail and prison cells during which time hundreds of persons of every political faith have labored to secure his liberty. Prominent among those active in his behalf for many years was Mrs. J. E. Cantrell, widow of Judge J. E. Cantrell who held the office of Governor of Kentucky during the latter's term of office in 1900.

Under the administration of Governor William O. Bradley, Youtsey was employed in the office of the State Auditor and it was known that he was to be secretary to Governor W. S. Taylor in the event the latter defeated Goebel in the gubernatorial race in 1909. Taylor was given the certificate of election but a contest was filed and Frankfort became the rendezvous for numerous mountaineers, adherents of Taylor. The Goebel faction said these men were brought here to intimidate the Democrats who were pushing the Goebel contest before the Legislature. The State Capitol was surrounded by state troops ordered here by Governor Taylor and practically everybody in Frankfort went about under arms.

While walking to the Capitol in company with Colonel Jack Chinn and other friends, Youtsey was shot in the back by a man named "Doc" Goebel, a shot fired from an office in the State House struck Goebel in the back and he fell into the arms of Jack Chinn.

Youtsey, Capt. Powers, then secretary of state and later congressman from the eleventh Kentucky district and "Jim" Howard were convicted of complicity in the assassination. Captain Powers and Governor Taylor were acquitted and Governor Taylor fled to Indiana where he has since remained a fugitive from justice until pardoned by Governor A. E. Wilson. Capt. Powers and Howard spent several years in jail fighting through trials and appeals until pardoned by Governor Wilson.

Youtsey did not appeal from the life sentence imposed by the Scott Circuit Court, in which his case was transferred and since his conviction in 1900 he has been confined in the State Reformatory at Pikeville.

It was charged that the day before the assassination he was seen in the office of the Secretary of State with a revolver in his hand and immediately after the shooting and on account of the intense feeling he was taken to Georgetown for trial. He was convicted in the spring of 1900, three months after the assassination and came immediately to the penitentiary.

In prison Youtsey has been a stenographer in the office of the warden, a teacher in the night school and a reader in religious work inside the walls.

Rheumatic Pain Stopped.
The drawing of muscles, the soreness, stiffness and agonizing pain of rheumatism quickly yield to Sloan's Liniment. It stimulates circulation to the painful part. Just apply as directed to the sore spots. In a short time the pain gives way to a tingling sensation of comfort and warmth. Here's proof—"I have had wonderful relief since I used your Liniment on my knee. To think one application gave me relief. Sorry I haven't space to tell you the history. Thanking you for what your Liniment has done for me."—James S. Ferguson, Philada. Pa. Sloan's Liniment kills pain. 25c. at druggists.

Avoid Spring Colds
Sudden changes, high winds, shifting seasons cause colds and grippe, and these spring colds are annoying and dangerous and are likely to turn into chronic summer cough. In such cases take a treatment of Dr. King's New Discovery, a pleasant laxative and Syrup. It soothes the cough, breaks the cold and helps break up a attack of grippe. It's already prepared, no mixing or fussing. Just ask your druggist for a bottle of Dr. King's New Discovery. Tested and used for over 40 years.

STATE HOSPITAL TO HAVE FAST TEAM

Several New Crack Players Have Been Secured—Enot, Star Twirler From New Jersey, Has Been Signed—Season Opens April 29th With Academy.

Under new management, the River-view Club baseball team of the Norwich State Hospital expects to have a fast team this season. There are quite a few new players and all have good records. In the pitching department the club is well fortified and is the strongest ever seen at the hospital. Enot, a new man, considered one of the best professional pitchers in New Jersey has been signed. He pitched for the Morris Plains hospital team for three seasons. Hoffman, another new man, is better known around these parts, having pitched for the Middletown Hospital team a few years ago, and is considered one of the best pitchers they ever had.

In the catching department Chase, the star catcher of the first game was secured, considered one of the best players in the league.

FINANCIAL AND COMMERCIAL

MARKET CONTINUES DULL.
Awaiting Outcome of Affairs Abroad and at Home.

New York, April 12.—The stock market was again in a state of suspended animation today. Investors awaiting the outcome of affairs abroad and at home. Business in the first hour failed to moderate properly, wholly at the cost of values, but the succeeding hours witnessed a steady diminution. Lowest quotations were made in the last hour, United States Steel and Petroleum leading the decline.

To say that the market lacked professional or speculative initiative would be calling attention to long existing conditions. As for investment inquiry, that has ceased to be a factor of more than passing importance, this attitude applying to all but the higher grade interests.

Wall Street was less interested or concerned in the sluggish movement of securities than in such significant happenings as a further break in the French exchange and increased weakness in Russian rates. The Paris exchange closed at 44 1/2, establishing a new official minimum for this remittance since the war, and roubles declined 3-8 to 20-24 without evolving any response in authoritative quarters.

Domestic developments which should have made the market more active were found in record sales of pig iron in March, another advance in prices of refined copper for delivery in the second and third quarters of the year and the remarkable earnings of the Lackawanna Steel company for the first quarter.

The trend of general business was indicated by an increase in the Woolworth common dividend from 7 1/2 to 8 per cent basis.

Conspicuous stocks of the day, so far as the market could be said to have any leaders, were Crutcher and United States Steel, United States Industrial Alcohol, the Mercantile Marine, Rubbers and allied issues, Kenecott and Anaconda Coppers, Mexican Petroleum and American Zinc. These stocks contributed more than their quota to the total of 325,000 shares.

Rails were a negligible quantity at all times, though holding more firmly than specialties. In the latter group Bethlehem Steel dropped 14 1/2 to 46 1/2 and Willys-Overland five to 22 1/2, while Texas Company, Butte and Superior American Tobacco averaged three point loss. The sole offsetting feature was the Sugars, South Porto Rico preferred rising four to the new record of 116.

Bonds were irregular, with heaviness in Anglo-French 5 1/2, of which one very large lot changed hands in the final dealings at 96. Total sales, par value aggregated \$3,960,000.

United States bonds were unchanged on call.

Washington	1-0

THE STANDINGS.

Team	W	L	Pct.
Brooklyn	1	0	1.000
Chicago	1	0	1.000
St. Louis	1	0	1.000
Philadelphia	1	0	1.000
Washington	1	0	1.000

Cleveland Wins Opening Game.
Cleveland, Ohio, April 12.—Cleveland lost its opening game to St. Louis, 6 to 1, chiefly because it could not hit Grover Cleveland Alexander, the pitcher, who started the game for Cleveland, who was very effective after that inning.

Tris Speaker played his first game as a Cleveland player. He held Cleveland's record for the longest time being passed purposely twice. The crowd was the largest that ever witnessed an opening game in Cleveland.

Stroud Loses Own Game in 9th.
Philadelphia, April 12.—Bad pitching by Stroud in the ninth inning gave Philadelphia the victory over New York in the opening game of the season here today, 5 to 4. With two out in the home team's half of the ninth and the pitcher's half of the tenth, Stroud was forced to pitch to the plate second and advanced to the plate on two wild pitches by Stroud.

Before Mayor Smith tossed out the first ball, each member of the Philadelphia club who was with the team last season and Manager Moran was given a gold watch. Score:

Team	Score
Philadelphia	5-4
New York	4-5

St. Louis 4, Pittsburgh 1.
St. Louis, Mo., April 12.—St. Louis defeated Pittsburgh in the opening game here today in a pitchers' battle between Doak and Kautler, 4 to 1. Errors were responsible for the St. Louis victory. The winning run came in St. Louis' half of the ninth. Long pitched to Schulz; Betzel singled, stole second, went to third when Wagner threw wild over second, and scored on the squeeze play. Hornsby laying down a bunt, Wagner got three hits and a base on ball. Score:

Team	Score
St. Louis	4-1
Pittsburgh	1-4

Red Sox Trim Athletics.
Boston, April 12.—The world's champion Red Sox opened the season with a 2 to 1 victory over the Athletics today. The usual inaugural ceremony of flag raising with band playing preceded the start of play. Bennington, who threw the first ball, Governor McCall, Lieutenant Governor Coolidge and other public officials witnessed the contest. Manager Carrigan was given a great honor at home.

Braves Win With Timely Hitting.
Brooklyn, April 12.—Boston beat Brooklyn in the opening game of the National League season here today, 3 to 1. President Tene, Secretary Hoveler and Barney Dreyfuss of the Pittsburgh Pirates were among the spectators. Timely hitting won for the Braves. Magee being especially prominent at the bat.

Reds Open Season With Full House.
Cincinnati, Ohio, April 12.—Taney's wildness, coupled with ragged fielding by the Cincinnati club at critical times and some exceptionally timely hitting by the Cubs, enabled Chicago to win the opening game here today by a score of 7 to 0 before a crowd that filled every available seat at Redland Field and overflowed into the outfield.

Johnson Wins 11th Inning Duel.
New York, April 12.—New York and Washington opened the American League season here today under ideal conditions. An exciting, well played eleven inning game was won by the Washington team by a score of 3 to 2. The game was a pitcher's battle between Walter Johnson and Ray Caldwell and the bat of Second Baseman Morgan won for the Washington star.

Local Telephone Bowlers Win.
The local telephone bowling team won by 27 pins from the Williamite division team at the Aetna alleys Wednesday evening. Weatherhead of Williamite rolled a single with 97 and Clifford and Shedd were tied for high total. Score:

Team	Score
Local Telephone	27-0
Williamite	0-27

Navy Defeated by Cornell.
Annapolis, Md., April 12.—After taking the lead in the third inning and then holding the Sailors for two more innings, Cornell defeated the Navy in the midshipmen's 5 to 2. The score by innings:

Inning	1	2	3	4	5	6	7	8	9	10	11	12
Naval	0	0	0	0	0	0	0	0	0	0	0	0
Cornell	0	0	0	0	0	0	0	0	0	0	0	0

Princeton Finds Rutgers Easy.
Princeton, N. J., April 12.—Princeton easily defeated the Rutgers nine here today, 9 to 1. Williams, the part of the visitors' pitchers, combined with their errors and hard hitting by while Chaplin held his opponents in line today. Score by innings:

Inning	1	2	3	4	5	6	7	8	9	10	11	12
Princeton	0	0	0	0	0	0	0	0	0	0	0	0
Rutgers	0	0	0	0	0	0	0	0	0	0	0	0

Yale Defeats Fordham With Ease.
New Haven, Conn., April 12.—Bunched hits by Yale coupled with the visitors' errors saw Yale an easy 12 to 5 victory over the Fordham nine today. Score by innings:

Inning	1	2	3	4	5	6	7	8	9	10	11	12
Yale	0	0	0	0	0	0	0	0	0	0	0	0
Fordham	0	0	0	0	0	0	0	0	0	0	0	0

Tigers Release Harris.
Detroit, Mich., April 12.—Stanley Harris, recruit third baseman of the Detroit Americans, was released today to the Scranton, Pa., club.

PLAN FOR PREVENTION OF UNEMPLOYMENT IN ENGLAND
When Peace Shall Have Been Established—Creation of a Ministry of Labor is Urged.

London, April 12.—An urgent plea for the immediate laying of plans for the prevention of unemployment in England when peace is established is made by W. C. Anderson, M. P., chairman of the recent labor party conference, in a published interview. Mr. Anderson declares that unless this is done there will be large measure of chaos and confusion, deepened social poverty and much discontent.

Anderson says that the creation of a ministry of labor which would prepare plans and have them in readiness for any emergency that might arise, is an all likelihood peace will find its place in an economic crisis aggravated by various causes, says Mr. Anderson. "The slackening of the war effort, the various causes of the demobilization of the troops, will mean a serious dislocation of industry, and there will be a lack of capital, with high rates of interest. Food prices will remain high, though not so high as at present, and when the act dealing with rents is passed there will be increases in house rent."

"The rapid or gradual discharge from the army of some millions of men will create special problems, especially in view of the large numbers of emergency workers who are doing the work now. It is not very easy to say what should be done to meet the situation that will immediately arise. Old things will, as it were, have passed away, and all things will have become new. But it is, at any rate, essential that we should be thinking about the future, for if no preparations are made we shall be overwhelmed and rushed by the magnitude of our task."

"The will, of course, be plenty of work waiting to be done, and the difficulty will be to stimulate effective demand. Taxes will be high, the cost of living will be high, the cost of materials will be high, and all that will act as a handicap upon production. I understand that the government, insofar as they have considered the question of getting the soldiers back into civil employment, will rely to a large extent upon the machinery of the Labor Exchanges. Now the Labor Exchanges are not a new thing, but they are not concerned with the maintenance of wage standards or any other standard in respect of labor conditions. The government is absorbed with the task immediately before the nation, but it would not be a difficult matter to create a ministry of labor which, among other things, would prepare schemes and have them in readiness for any emergency that may arise."

Mr. Anderson asserts that the disbanding of the soldiers should be gradual, that to bring suddenly some millions of men on the labor market, would present a problem of the gravest magnitude. He says he believes each soldier will receive from the government four weeks' furlough with full pay. Each soldier will also receive a gratuity, probably of six or seven pounds, and during the first year of his return to civil employment there probably will be some scheme of employment insurance.

"There is plenty of work waiting to be done if we have the energy, intelligence and foresight to get the schemes ready. The country is capable of growing a very large proportion of its own timber, if not the whole of it, and afforestation while adding greatly to the wealth of the country, would provide healthful open air employment for many families. This is true in the way of creating rural industries. The culture of sugar beet and the manufacture of sugar is a case in point. But if anything of importance is to be done in these directions vested interests must not be allowed to block the way."

to civil employment there probably will be some scheme of employment insurance.

what the real point at which we must aim all the time," he continues, "is the prevention of unemployment. We ought to have at this moment committees of experts at work getting ready the necessary machinery. Unless this is done there will be large measure of chaos and confusion, deepened social poverty, and much discontent."
